

revenue activities. He was cited for contempt of Congress and the case still is pending.

The Brooklyn Federal grand jury was impaneled recently to investigate rackets and corruption in the New York area.

## Rokossovsky Quells Polish Army Revolt

FRANKFORT, Aug. 21 (NANA-Kemnews).—Marshal Konstantin Rokossovsky, Russian war hero now in command of the Polish army, has ruthlessly crushed a revolt of Polish generals who plotted to free the Polish army from Russian domination.

American intelligence sources said here that demonstrations and uprisings throughout the Polish army against Russian "advisers" holding key commands were planned.

Uprisings in the Polish armed forces were planned to synchronize with demonstrations and sabotage in industrial centers, where hostility to Russia is strongest. The plot was discovered in the nick of time and 10 Polish generals were shot.

The abortive army revolt climaxed a growing tide of industrial sabotage, local disorders and demonstrations against Russian "supply-line troops" and anti-Russian agitation throughout the country.

Polish partisans have stepped up their attacks on Russian communications, derailing whole trains and looting freight cars loaded with Red army supplies and reparations goods from Eastern Germany.

## Missing Cornerstone Delays Ceremony

By the Associated Press  
SPOKANE, Wash., Aug. 21.—"Lost: One 30-ton carload of granite, including the cornerstone for your new bank building." That's the message officials of the Savings and Loan Association sent to its 15,000 members

in Austria last month," who already have drawn protests from Jewish organizations.

"Our State Department is a denunciation of these laws. I personally would like to them vetoed by our occupying authorities unless they are withdrawn," he said.

He did not give President Truman's reaction to this suggestion but simply said the President was interested in the problem.

## Five Dead in New York Of Poison Cocktails

By the Associated Press  
NIAGARA FALLS, N. Y., Aug. 22.—An overdose of cocktails made of shellac thinner and sherry has caused the deaths of five men here since Monday, a Niagara County coroner reports.

James W. Heary said yesterday that agents of the United States Food and Drug Administration had been called in to investigate the possibilities of a toxic peddling in connection with the deaths.

Mr. Heary said one man had admitted before he died that he had taken some kind of pills along with the "S and S" cocktail.
